01

THE THRESHOLD

Neró Spa welcomes you.

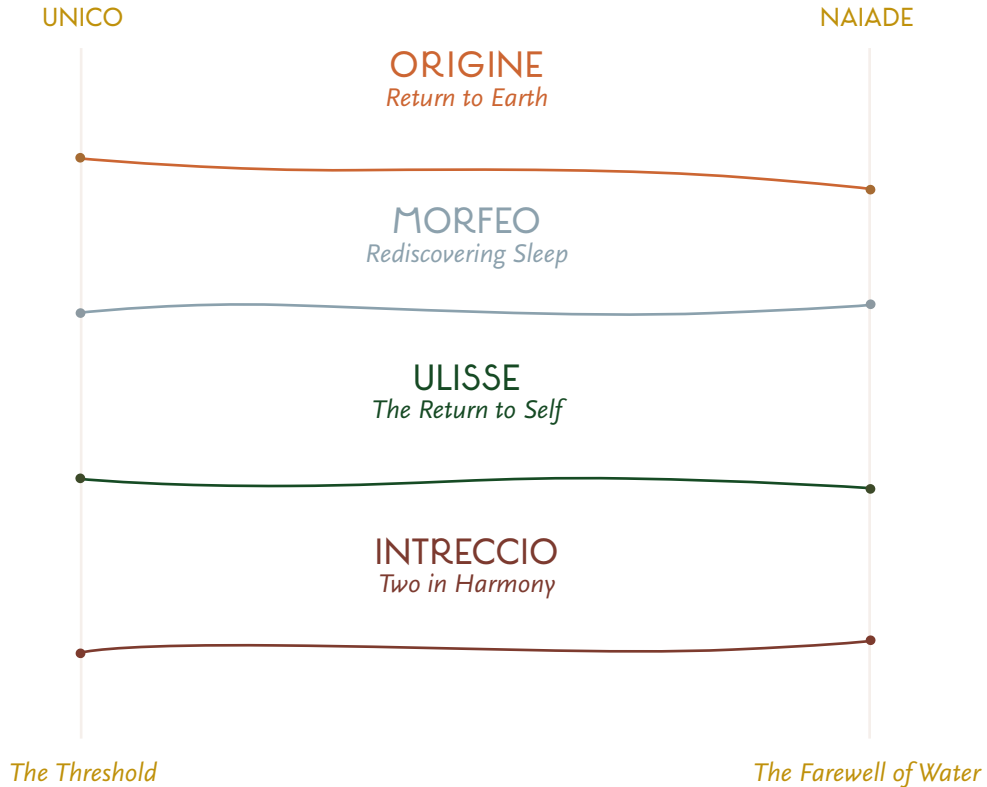

In Modern Greek, Neró means water, the source of life.
From this word, and from this gesture, everything begins.

In these pages, you will discover time, emotion and experience,
expressed through matter and the skilled hands of our therapists.

Once you cross the threshold, you will embark on a journey through
the Euganean Hills, ultimately leading you back to yourself.

MATTER · TIME · RETURN

*Four worlds, two formats.
One day, or several nights.*

Every experience begins with Unico, the Threshold, and comes to an end with Naiade, the Farewell of Water.

02

RETREATS

The Retreats are at the heart of Neró Spa.

Four inner journeys, each guided by a different force: earth, sleep, self, connection. Four ways of reconnecting with a part of yourself that the pace of everyday life tends to set aside.

Each Retreat unfolds in two levels of depth. The Day, for those who wish to experience it in a single day; or the Stay, for those who wish to extend the experience and give it the time it deserves.

Every Retreat follows one simple principle: every experience begins with Unico, the first gesture, the Threshold, and comes to an end with Naiade, the Farewell of Water. Between the two lies your world.

MATTER · TIME · RETURN

ORIGINE

RETURN TO EARTH

Origine is the D.O.C. Mud Retreat.

A journey through the ancient substance of mud, to rediscover the value of what is essential.

The warmth of the mud slowly releases tension. The delicate, lingering fragrance of Osmanthus accompanies the breath and settles into the memory.

An invitation to rediscover what truly matters: the emotional power of an ancient substance, the value of unhurried time and essential gestures.

ULISSE

THE RETURN TO SELF

Ulisse is the Retreat for those who feel the need to return to their body.

Sometimes, all it takes is slowing down for the body to make itself heard again. Movement becomes slow and fluid, the breath deeper, and tension gives way to a new sense of lightness. Working on the meridians of Traditional Chinese Medicine, the body is gently guided, in its own time, towards rebalancing.

The warmth of Osmanthus oil envelops the body and awakens the senses, transforming every gesture into an invitation to listen. Because returning to your body means, first and foremost, learning to inhabit it again.

THE TABLE OF THE RETREAT

Mindful dining moments. Culinary creations designed to complement each Retreat through the language of taste.

LAND AND ROOTS

A composition born from the earth and its most authentic elements.

A balance of flavours rooted in the local cuisine, where simple ingredients and craftsmanship come together in an enveloping composition.

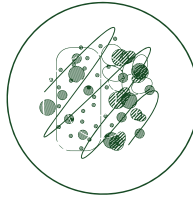

Ingredients:

- *Buckwheat*
- *Chicken in saor*
- *Apple, sous-vide with thyme and cider vinegar*
- *Roasted carrots*
- *Roasted onion*
- *Toasted mixed seeds*
- *Mushroom crumble*
- *Mustard and honey vinaigrette*

THE TIME OF SUNSET

A creation designed to gently guide the body towards a state of calm.

Delicate, light flavours that evoke the scents of the evening.

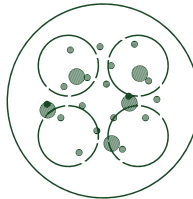

Ingredients:

- Baby spinach and red cabbage base
- Herb-roasted potato
- Steamed beetroot
- Sous-vide salmon with fennel fronds and dill
- Greek yoghurt
- Lemon balm oil
- Sesame and toasted almonds

FROM THE OTHER SIDE OF THE SEA

A meeting between land and sea that speaks of vitality and discovery.

Fresh and vibrant, this composition brings together lightness, savoury notes and aromatic nuances in a natural balance.

Ingredients:

- Herbed bulgur base
- Cucumber, cherry tomatoes
- Marinated red onion
- Sous-vide prawns with lemon and basil
- Taggiasca olive crumble
- Toasted pistachios
- Herb and lime chimichurri

HARMONY

A dialogue between flavours, textures and seasons.

Created for sharing, where sea, land and different textures intertwine harmoniously.

Ingredients:

- Black rice base
- Roasted sous-vide octopus
- Chickpeas
- Semi-dried cherry tomatoes
- Roasted courgettes
- Toasted walnuts
- Roasted lemon mayonnaise

THE RITUALS

Six gestures, gathered into a single gesture.

The Threshold that opens. The mud that grounds.

Rest rediscovered. The body that listens. Surrender that embraces.

Water that bids farewell.

These are Neró Spa's signature rituals, each available to be experienced individually.

UNICO

THE THRESHOLD

Unico is the first gesture of Neró Spa.

Every experience needs a threshold. A moment when the body slows down, the breath finds its natural rhythm again, and everything left outside gradually loses its importance. Warmth, the fragrance of Osmanthus and the touch of hands resting on the extremities of the body · head and feet · gently accompany this passage, asking nothing but your presence.

Unico does not simply open a journey: it opens the way to a different perception of time.

TECHNIQUES

Foot bath, aromatherapy, reflexology.

ORIGINE

THE MUD RITUAL

Origine is the Mud Ritual, a return to what is essential.

The warmth of the mud naturally envelops the body. Born from the meeting of thermal water and the earth of the Euganean Hills, D.O.C. mud takes the time it needs to mature: a living substance, slowly transformed before it reaches the skin. The soft note of Osmanthus lingers on the skin, prolonging that feeling of lightness that remains even after the ritual.

It's a return to what has always existed. To the earth that holds the warmth, to the water that receives it, to the simplicity of a substance that, through time, continues to care for the body.

TECHNIQUES

Brushing exfoliation, thermal mud, thermal bath, massage.

MORFEO

THE RITUAL OF REST

Morfeo is the sunset ritual.

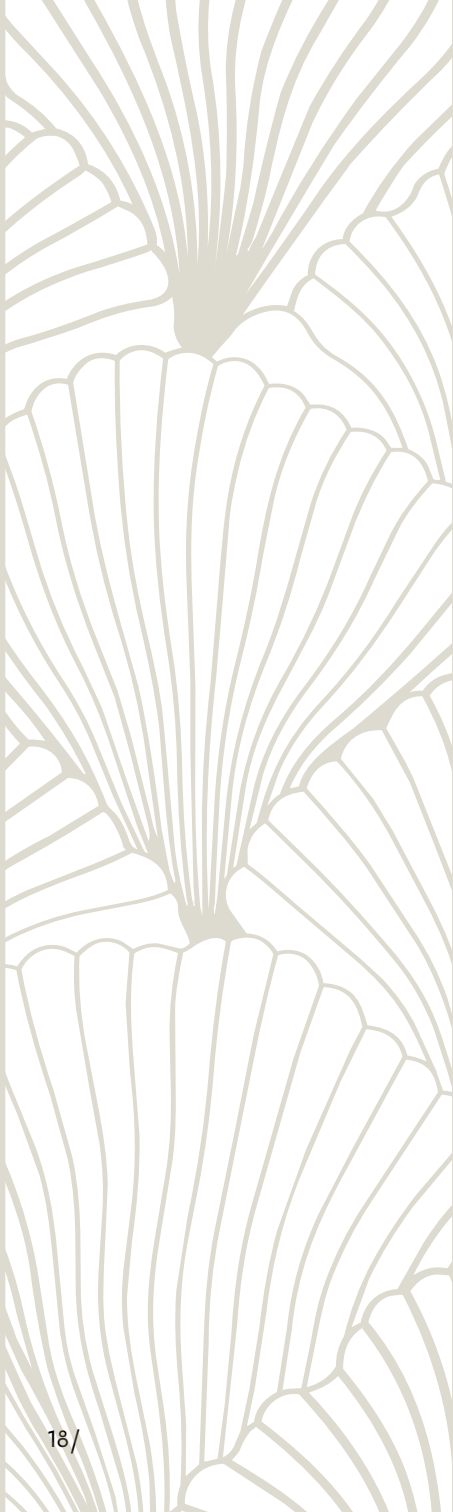

There is a moment, as the sun sets, when time slows down.
The light becomes softer, the breath regains its depth.
It's the moment when letting go becomes natural.

The body is gently swept with brushes, the fragrance of Osmanthus oil envelops the senses, and the silence of the treatment room surrounds you.
Each element guides you towards a deep sense of stillness, following the gentle rhythm of the evening.

A ritual that leads you into rest, following the natural passage from sunset into evening.

TECHNIQUES
Aromatherapy, Vietnamese brush massage.

ULISSE

THE RITUAL OF LISTENING

Ulisse is the ritual of returning to your body.

There is a moment when the body asks to be listened to, when movement becomes natural again and the breath grows deeper, fostering a sense of openness, lightness and vitality.

Each gesture follows its own rhythm. The ritual guides you towards the body's deeper balance, working on the meridians of Traditional Chinese Medicine and following the natural movement of the joints.

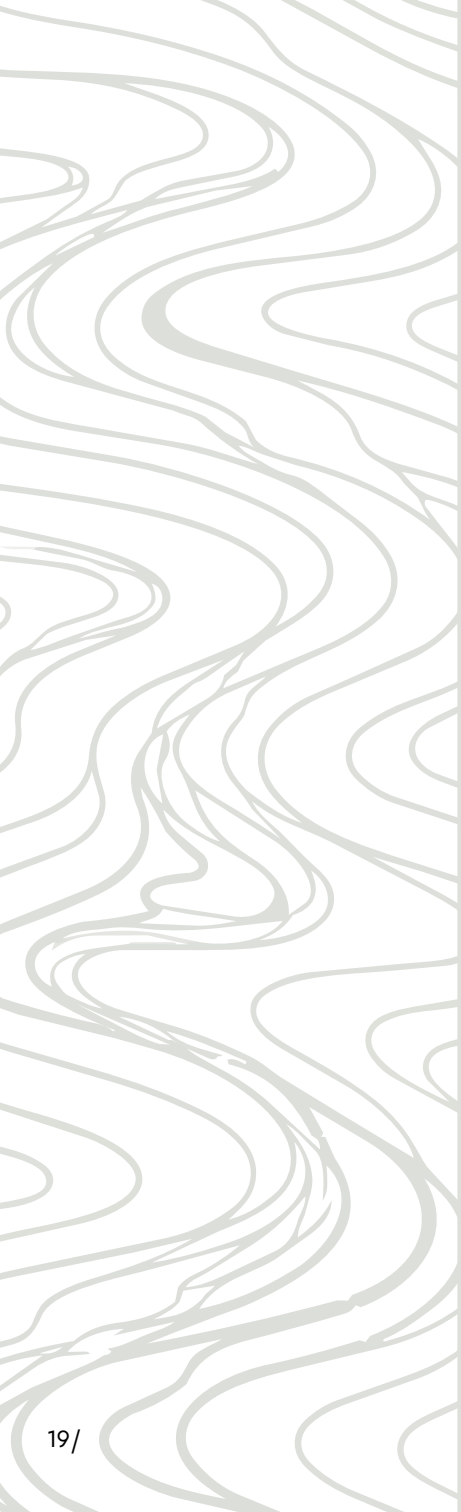

Every gesture invites presence, without force and without haste. Ulisse is the return to a body that begins to feel like home again.

TECHNIQUES

Tatami, passive stretching, work on the meridians.

BALINERÓ

THE RITUAL OF SURRENDER

For a moment, the body seems to be somewhere else.

Slow, enveloping movements evoke the Balinese tradition, guiding you towards a feeling of lightness and harmony, like a caress that follows the movement of the waves.

The fragrance of frangipani fills the space and becomes a sensory memory: a scent that evokes distant lands, the warmth of tropical air and the stillness of a place where time flows differently.

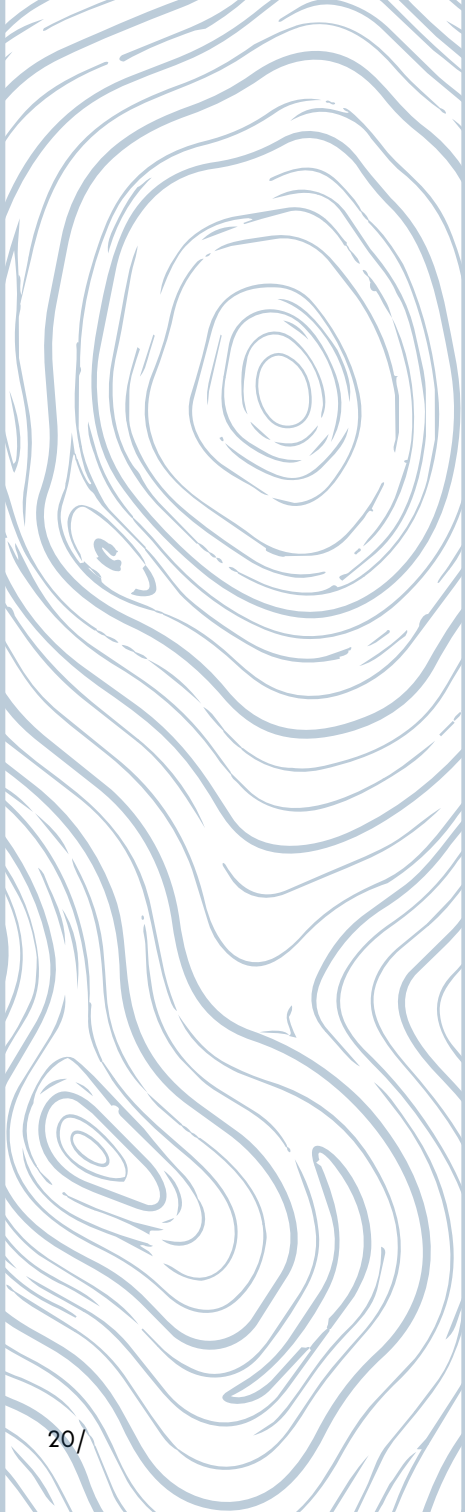

Balineró is a journey for the senses, an experience in which the body feels lighter and the mind drifts away.

TECHNIQUES

Acupressure, aromatherapy, deep muscular relaxation.

NAIADE

THE RITUAL OF WATER

Naiade is the ritual of farewell.

Soft light, the warmth of oil on the skin, the fragrance of Osmanthus accompanying the breath. You are guided by slow, silent gestures as tension dissolves, leaving only a sense of presence and lightness.

Thermal water envelops you: the body floats, supported by its warmth and surrounded by the scents of the Euganean Hills. What remains is a deep sensation to carry with you.

TECHNIQUES

Enveloping massage, aromatherapy, thermal bath.

RITUAL MUDS

D.O.C. mud is the founding material of Neró Spa.

In Origine, we tell its story through emotion.

In the Ritual Muds, we tell it through the land:

the olive groves of Monte Venda, the vineyards of the Euganean Hills, and the hands of those who still cultivate these lands today.

Two rituals created in collaboration with producers from the Euganean Hills. The same mud, two different elements, two stories of the land told on the skin.

THE BREATH OF THE OLIVE GROVES

· Olive Ritual Mud

THE TIME OF HARVEST

· Vine Ritual Mud

THE BREATH OF THE OLIVE GROVES

Olive Ritual Mud

Amid the silence of ancient Olivetan monasteries, the slow rhythm of the seasons and gestures passed down through generations still live on. From this same land comes a ritual that brings together matter, fragrance and memory.

The warmth of the mud envelops the body, hot stones evoke the warmth of the earth, and the sound of Tibetan singing bowls recalls the ancient monasteries, guiding the senses among the hills and olive mills of the surrounding area.

The slow, golden flow of Rasara oil from the Euganean Hills leaves the scent of olive on the skin, a trace of a precious material born from this land.

TECHNIQUES

Oil application, thermal mud, Tibetan singing bowls, hot stones.

THE TIME OF HARVEST

Vine Ritual Mud

Where Fior d'Arancio ripens with the seasons, a ritual is born that brings the essence of the vine and its land to the skin.

The must, applied with delicate brushes, envelops the body with its sweet, fruity fragrance. As the mud rests on the skin, the scent of the vineyards accompanies the senses, evoking the light of September, the warmth of the earth and the air of the vineyards at harvest time.

Grapeseed oil gently caresses the skin, leaving it naturally velvety. A meeting of earth, vine and the senses.

TECHNIQUES

Thermal mud, aromatherapy and application of Fior d'Arancio must with brushes.

THE SPA SPACES

At Neró Spa, every space has its own identity, designed to welcome different and personal moments.

Places where time slows down, silence becomes part of the experience and every setting invites you to rediscover a more intimate dimension of wellbeing.

Not simply pathways, but spaces to inhabit and experience at your own pace: to listen to yourself, share, and let go.

NERÓ PRIVATE SPA

THERMAL PRIVATE SPA

NERÓ SPA WATER PATH

NERÔ PRIVATE SPA

Signature Experience

A space designed to slow down. 90 square metres where a Finnish sauna, steam bath, sensory showers and private whirlpool create a completely private wellness experience.

It is the setting for the Intreccio Retreat, but can also become a place to spend a few hours outside of time, enjoyed as a couple or in complete tranquillity.

THERMAL PRIVATE SPA

Rasul Bath

An intimate space where time slows down and the body comes into harmony with the elements. During the Rasul ritual, you apply the mud to each other in an experience of connection and shared intimacy. The warmth of the steam bath prepares the body for immersion in thermal water.

The ritual continues through taste, with finger food inspired by the elements: small creations that accompany the return to sensory awareness, in a balance of flavours and sensations.

An intimate, sensory experience to be shared.

WATER PATH

Neró Spa

A journey through matter, silence and slow time, inviting you to reconnect with yourself.

Spaces dedicated to warmth, water and listening to the body.
Finnish sauna, steam bath, Hammam, Temazcal, Salt Room, salt water flotation pool, sensory showers, Finnish basin, ice waterfall and Kotatsu.

Each space leads you into a different dimension, where the senses slow down and time becomes gentle and welcoming. An experience to be enjoyed without haste, allowing the body and sensations to guide the journey.

To preserve the harmony of the spaces, guests are kindly asked to keep their voices low and to wear swimwear throughout the journey.

OUR ELEMENTS

At the heart of every Neró Spa ritual are the elements of this land. Here, we tell their story and explore their benefits, highlighting their natural qualities.

D.O.C. MUD

After sixty days in our maturation tanks, the mud is naturally enriched by the microalgae that develop in the salso-bromo-iodine thermal water and through exposure to the sun.

This process generates the bioactive substances that give it its unique properties, recognised under the Italian Denominazione di Origine Controllata (D.O.C.).

SODIUM CHLORIDE, BROMINE AND IODINE THERMAL WATER

It rises from beneath the Euganean Hills at temperatures above 80 °C and is cooled to reach bathing temperature. Enriched over millennia underground, this is the water that gives life to our pools, steam and thermal mud.

OSMANTHUS ESSENTIAL OIL

It is the signature fragrance of Neró Spa. You will find it in every gesture that accompanies a Retreat. Sweet and subtly fruity, it is extracted from the Osmanthus flower, which also grows in the Resort's centuries-old park.

HERBS OF THE EUGANEAN HILLS

We gather them where the Olivetan monks once gathered them, along the paths that still lead to the monastery today.

A gesture that preserves the connection with the land and with a tradition handed down through time.
